

Portable DVD±RW with LightScribe, Design by Sam Hecht

Hi-Speed USB 2.0

Mobile DVD/CD Drive

True Mobility

Easily create your own music, video and photo CDs or DVDs wherever you go. With USB 2.0 bus power the Portable DVD±RW with LightScribe, Design by Sam Hecht can conveniently record to double layer DVD±R, DVD±R/RW, and CD-R/RW. The bundled Easy Media Creator Suite 9 burning software for Windows users helps you burn customized multimedia CDs or DVDs and back up or copy with ease. Less than an inch tall and less than a pound in weight, this 8x drive travels well in your bag, backpack, or briefcase, and doesn't take a lot of desk space.

Store Up To 8.5GB* On One Disc

With double layer DVD recording technology, the Portable DVD±RW with LightScribe, Design by Sam Hecht can be used to store nearly twice as much data as before. With up to 8.5GB of space on a single-sided, double layer DVD disc, save up to 16 hours of VHS video, 4 hours of personal, high-quality DVD video or up to 8.5GB of important data. Large-capacity, double layer DVD media is also ideal for backing up computer systems or saving thousands of MP3s.

Full-Featured Software Suite

An easy-to-use interface allows you to piece together Hollywood-style DVD movies in a matter of minutes complete with menus, thumbnails and backgrounds for a totally customized DVD. This drive comes with Easy Media Creator Suite 9 DVD/CD copying software, which includes LightScribe labeling software as well as CinePlayer 3.5 playback software for Windows users.

LightScribe Disc Labeling

This portable DVD±RW drive is equipped with LightScribe, an innovative technology that allows you to burn silkscreen-quality labels directly onto CDs and DVDs with a laser instead of a printer. LightScribe uses a combination of your CD/DVD drive, specially coated discs (sold separately), and enhanced disc-burning software (included) to produce precise, professional labels. The result is an impressive iridescent image composed of art, text, or photos of your own creation.
