

LaCie Big Disk Extreme+

Hi-Speed USB 2.0, FireWire 800 & FireWire 400

d2 Design by Neil Poulton

Triple Interface Connectivity & Extreme Speed

Combining The Best Technologies

This triple interface, high capacity hard drive provides everything found in the Big Disk Extreme plus a lot more. With the LaCie Shortcut Button, you can launch any application (backup, music, slideshows, etc.) with one simple push. It offers Triple Power Management - "Auto" for energy efficiency, "On" for instant access, and "Off" for data protection. It also comes with EMC® Retrospect® Express software for advanced backup management and data restoration for Windows and Mac users.

Ideal For Digital Audio/Video Pros

This powerful drive is optimized for media professionals working with high-definition audio, digital video editing, SD video and 2D/3D imaging. Its capacity combined with never-before-seen transfer rates make it ideal for data-hungry applications or sharing and archiving large-scale video projects. Chain FireWire peripherals or iLink DV cameras with the drive for maximum performance.

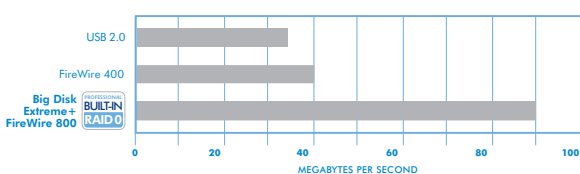

Convenient & Easy-To-Use

This hot plug & play mega-storage solution offers RAID 0 performance with no configuration. More compact and lightweight than RAID towers, it can be placed in a space-saving upright position, be stacked, rack-mounted and even daisy-chained with other drives (via FireWire) to increase capacity. With universal triple interface connectivity, this versatile hard drive allows for true cross-platform convenience for easily sharing and exchanging data.

Advanced Cooling System

This d2 drive's aluminum body draws heat away from the internal disk toward the external casing, which absorbs and dissipates heat. The Big Disk Extreme+ comes with an advanced cooling system that includes a thermoregulated, progressive quiet fan, which keeps the drive safe and prolongs its life and reliability.

PERFORMANCE COMPARISON BURST READ TRANSFER RATE BENCHMARK***

- Maximum storage in a compact 5.25" 1U form factor
- Optimized for digital audio/video professionals
- Quiet, thermoregulated progressive smart fan
- LaCie Shortcut Button: launch any application with 1 push

Features

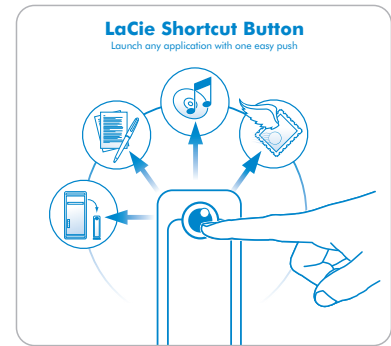

- EMC Retrospect Express advanced backup and data restoration software (Windows/Mac)
- Easy-to-use: no software configuration, driver-free
- Built-in RAID 0 for Extreme FireWire 800 speed
- Triple Power Management: Auto, On, Off
- Hot plug & play
- Expandable via FireWire with other FireWire hard drives
- Daisy-chainable with peripherals such as CD-RW, AIT or DV cameras
- Unique, heat-dissipating aluminum design
- Stack, rack-mount or stand upright on your desk

Box Content

- LaCie Big Disk Extreme+
- FireWire 800 to FireWire 800 (9-to-9 pin) cable
- FireWire 400 to FireWire 400 (6-to-6 pin) cable
- Hi-Speed USB 2.0 cable (USB 1.1 compatible)
- External power supply
- LaCie Utilities CD-ROM with User Manual, Quick Install Guide, and software
- Drive stand for upright desktop use

System Requirements

- Computer with a FireWire 800, FireWire 400 or USB 2.0 port
- Mac OS 10.2.8 or later; Mac G4, G5, Mac Intel 500MHz processor or higher
- Windows 2000, Windows XP, Windows Vista; Intel Pentium 500MHz processor or higher
- Minimum 128MB RAM (512MB or greater recommended)

LaCie Big Disk Extreme+

Capacity*	1TB	1.5TB	2TB
Item Number	301199	301200	301201
Cooling System	Thermoregulated progressive quiet smart fan		
Interface	2 x FireWire 800 ports; 1 x FireWire 400 port (compatible with iLink, DV); 1 x Hi-Speed USB 2.0 port (compatible with USB 1.1)		
Interface Transfer Rates (maximum bus speed)	FireWire 800: up to 800Mbps/s (100MB/s); FireWire 400: up to 400Mbps/s (50MB/s); USB 2.0: up to 480Mbps/s (60MB/s)		
Burst Transfer Rates** (maximum drive speed)	FireWire 800: up to 80-90MB/s, FireWire 400: up to 35-40MB/s, USB 2.0: up to 30-34MB/s		
Triple Power Management	"Auto" for energy efficiency; "On" for instant access; "Off" for data protection		
Rotational Speed	7200rpm		
Average Seek Time	<10ms		
Cache Size	32MB		
Software	Driver-free for Windows XP, 2000, Vista & Mac OS X. EMC Retrospect Express advanced backup software (Mac); EMC Retrospect Express HD advanced backup software (Windows); LaCie '1-Click' Backup Software (Windows & Mac); SilverKeeper for automatic backup & file verification (Mac)		
Weight	5.51 lbs / 2500 g		
Dimensions (WxHxD)	1.7 x 6.8 x 10.6 in. / 44 x 173 x 272 mm		
Warranty	3 years limited		

*1GB = 1,000,000,000 bytes. 1TB (terabyte) = 1000GB. Total accessible capacity varies depending upon operating environment (typically 5-10% less).

**Burst transfer rates vary from one computer to another and may vary slightly from one drive to another. Average speed is usually lower, depending on host configuration.
