

LACIE

LaCie Combo PC Card

FireWire and Hi-Speed USB 2.0

EASY INSTALLATION

Add FireWire and Hi-Speed USB 2.0 (USB 1.1 compatible) capabilities to your notebook or laptop computer with an affordable and easy-to-install combo card. Two additional FireWire ports and two additional Hi-Speed USB 2.0 ports provide the support needed to connect high-speed peripherals like hard drives, CD and DVD drives, DV camcorders and scanners.

PLUG-AND-PLAY CONNECTIVITY

Compatible with Mac and PC operating systems, the LaCie Combo PC Card offers fast installation. Simply attach a FireWire or USB 2.0 device to the card and begin downloading large amounts of digital data in mere seconds.

HIGH-SPEED DATA TRANSFER

Equipped with the fastest FireWire standard, this cross-platform PC card is capable of reaching transfer speeds of up to 400Mbits/s for FireWire users and up to 480Mbits/s for USB 2.0 users.

BACKWARD COMPATIBILITY

Use the extra FireWire ports on this PC card to connect devices such as digital still cameras, professional audio devices, printers and home entertainment equipment to your laptop. With the appropriate cables, earlier-generation USB 1.1 devices* can be connected to USB 2.0 ports.

*USB 1.1 devices will operate at USB 1.1 speeds.

- Add FireWire and USB 2.0 to your laptop
- Easy plug-and-play installation
- Download digital data
- Mac and PC compatible
