HARD DRIVE

80GB = 20,000 MP3s :: 80,000 photos :: 5 hours of DV :: 16 hours of DVD :: 80 hours of DivX

EXPAND YOUR DIGITAL LIFE

So you've got a computer—an Apple® Mac mini for instance—and are enjoying its ease-of-use, style and performance for managing your digital life. Now it's time to expand your digital life by storing much more photos, videos, music, and files. With your LaCie mini drive, you can back up your computer or upgrade your storage capacity—whether it's an Apple Mac mini, a desktop computer or a laptop.

THE OPEN RELATIONSHIP

Although the LaCie mini drive was designed to fit with the Apple Mac mini, its potential goes far beyond this configuration. Several LaCie mini drives can be stacked under an Apple Mac mini for additional capacity and it can also be used with any other computer with FireWire interface.*

MAKE YOUR MINI EVEN COOLER

The LaCie mini drive's 4-corner crown fits seamlessly into the underside of the Apple Mac mini to create a stable, symbiotic harmonious design. The crown is an important element that prevents the drives from directly touching—thus avoiding the danger of overheating. The LaCie mini drive was brilliantly engineered to allow for a natural cooling airflow to move between these two drives; both Mac mini and LaCie mini drive stay cool and safe while in operating mode.

THE PERFECT PARTNER

The LaCie mini drive has all the attributes of a perfect partner: reliable, flexible, easy to handle, and hard working. Installation and use are quick and easy. Not only does it save desk space by stacking with the Apple Mac mini and provide heat dissipation but its fan-free operation is ultra-quiet so it's totally non-intrusive.

- Upgrade storage capacity or back up your computer
- Store more photos, videos, music & files
- Designed to fit perfectly with Apple Mac mini
- Natural cooling airflow for stacking

FEATURES

- Compact and stylish aluminum design
- Fan-free quiet operation

PACKAGE CONTENTS

- FireWire standard length cable
- FireWire short length cable
- Power Supply Kit
- LaCie Utilities CD-ROM with Quick Start Guide & User's Manual

SYSTEM REQUIREMENTS

- Mac OS 10.4, Mac OS 10.3, Mac OS 10.2, Mac OS 9.x
- Windows 98SE, Windows Me, Windows 2000, Windows XP or higher
- Intel Pentium II 350MHz-compatible processor or greater
- Minimum 32MB RAM

LaCie mini drive :: FireWire

Item Number	300996	300997	300998
Capacity**	80GB	160GB	250GB
Interface	2 x FireWire ports (6-pin)		
Rotational Speed	7200 RPM		
Interface Transfer Rate	400Mbits/s		
Max Data Transfer Rate	Up to 40MB/s		
Average Seek Time (Write)	< 11ms		
Cache	2MB	8MB or greater	
Dimensions (WxLxH)	6.5 x 6.5 x 1.77 in / 165 x 165 x 45 mm		
Weight	< 3 lbs. / 1350 g		
Warranty	US: 1 year limited / Europe: 2 years limited		

**1GB = 1,000,000,000 bytes. Once formatted, the actual available storage capacity varies depending on operating environment (typically 5-10% less).

*These LaCie drives are pre-formatted as HFS+ volumes for immediate use with Apple computers. For cross-platform use, Windows users will need to reformat the drive in NTFS (Windows utilities) for Windows XP/2000 or in FAT32 (with Silverlining 98 for Windows 98SE/Me, or with Silverlining Pro for Mac OS 9 or Apple Disk Utilities for Mac OS X). For more information about formatting, please refer to the User's Manual.
