

Portable DVD±RW with LightScribe, Design by Sam Hecht

FireWire

Mobile DVD/CD Drive

Leading Burning Software for Mac

The LaCie Portable DVD±RW with LightScribe, design by Sam Hecht, comes with must-have Toast® 8 Titanium DVD/CD burning software, which includes multimedia-specific features such as one-step conversion of DivX files to DVD, HD slideshow, and burning of over 50 hours of customized music play lists onto a single layer DVD with Dolby Digital sound. Enjoy advanced cross-platform data spanning and easy-to-use DVD menu customization as well as the ability to convert DVD for use with mobile devices.

True Mobility

Easily create your own music, video and photo CDs or DVDs wherever you go, without taking up a lot of desk space. With FireWire for quick data transfers with your computer, you can conveniently record to double layer DVD±R, DVD±R/RW, and CD-R/RW. Bundled Toast 8 Titanium software for Mac users helps you burn customized CDs or DVDs and back up or copy with ease. In addition, LaCie Remote Burn allows you to burn a DVD or CD over the network so that several users can share the same burner.

Store up to 8.5GB on One Disk

With up to 8.5GB of space on a single-sided, double layer DVD disc, save up to 4 hours of personal, high quality DVD video or thousands of MP3s. Coupled with Toast 8 Titanium's back up feature (Deja Vu) and its data spanning and restore tool, the LaCie Portable DVD±RW with LightScribe, design by Sam Hecht is also ideal for backing up your most important files, at home, in the office or while traveling.

LightScribe Disc Labeling

This portable DVD±RW drive is equipped with LightScribe—an innovative technology that allows you to burn silkscreen-quality labels directly onto CDs and DVDs with a laser instead of a printer. LightScribe uses a combination of your CD/DVD drive, specially coated discs (sold separately), and enhanced disc-burning software (included) to produce precise, professional labels. The result is an impressive iridescent image composed of art, text, or photos of your own creation.

LightScribe Easy CD/DVD Labeling

- Mobile: slim, lightweight and compact design
- Create and record your own music, movie & photo CDs/DVDs
- LightScribe: create & etch custom, professional labels
